

WCHR Category Descriptions:

Professional

Riders earn points in any A-rated Professional Hunter Section at WCHR Events where the jumps are 3'6" or higher including First Year Green, Second Year Green, Green Conformation, Regular Conformation, Performance Working Hunters 3'6" and High Performance Working Hunters. A Professional rider's standing will be determined by the total points earned by their highest placing horse overall in one eligible hunter section in which that horse-and-rider combination competes.

Developing Professional

The Developing Professional Program was created to provide opportunities to professional riders. Developing Professional riders are also eligible for all WCHR Professional sections and awards and will automatically earn points in the Professional Category. In addition, Developing Professional riders will earn points from the Green Hunters 3'0" and/or 3'3", Young Hunter 6 & Under 3'0", Young Hunter 7 & Under 3'3" and the Performance Working Hunter 3'3" sections at WCHR Events. A Developing Professional rider's standing will be determined by the total points earned by their highest placing horse overall in one eligible hunter section in which that horse-and-rider combination competes.*

*In the event that a Developing Professional's highest placing horse overall at a competition comes from one of the 3'0" or 3'3" WCHR hunter sections, the points earned on that horse count toward his Developing Professional Rider standings. In addition, the points earned on his highest placing horse in a 3'6" or higher WCHR hunter section at that same competition count toward his Professional Rider standings. This may result in a rider's Developing Professional standings differing from his Professional standings.

Farm/Business Owner (non-rider)

Important Registry Information: A Farm/Business Owner membership requirement is still in effect for those owners interested in accumulating points toward Owner awards for horses whose owners of record are farms or businesses. The WCHR Program follows the USEF model by requiring the owner of record of each horse competing to be a current WCHR participant, in order to accumulate points toward WCHR Owner awards and trophies. If a horse's recorded owner is a farm/business, the farm/business must be a current participant of WCHR at the time of competition for owner points earned by that horse to be considered valid. WCHR considers the owner of record to be the owner(s) of record with USEF.

Owner (non-rider)

To be eligible for WCHR Owner Awards the owner of record of each horse must also be a participant of WCHR. If the owner of record of a horse is an individual, that individual must be a active participant of the of WCHR to be eligible for awards. Owner Awards are presented to the top two Owners accumulating the most points in the Professional and Developing Professional categories on a Regional and National level. WCHR considers the owner of record to be the owner(s) of record with USEF.

Current

rider and trainer participants are also considered individual owner participants and are eligible for owner awards.

Trainer (non-rider)

Trainer Awards are presented to the trainers of the top two riders accumulating the most points in the Amateur Owner 3'6" and 3'3", Adult Amateur, Junior 3'6" and 3'3" *, Children's and Pony categories on a Regional and National level. Once the regional and national standings are finalized, each rider is responsible for providing WCHR with the name of their trainer.
