Sponsorship/Donor Development

USHJA committees, contractors, or program volunteers may not solicit sponsors or donors for programs/events without prior consent from the USHJA office. There may be programs for which sponsorship and fundraising is encouraged; however, the proposed sponsorship and fundraising efforts will require prior approval by the USHJA office.

Committee members are not allowed to negotiate or enter into any agreements with donors/sponsors.

If a committee member is aware of a potential sponsorship or fundraising opportunity, they should contact the USHJA Office (Program Liaison, Development Office, or Sponsorship Office).
