The paired region must be declared at the time of enrollment renewal.
- G. A Farm/Business Owner enrollment requirement is still in effect for those owners interested in accumulating points toward Owner awards for horses whose owners of record are farms or businesses.

The WCHR Program follows the USEF model by requiring the owner of record of each horse competing to be currently enrolled in WCHR, in order to accumulate points toward WCHR Owner awards and trophies. If a horse's recorded owner is a farm/business, the farm/business must be currently enrolled in WCHR at the time of competition for owner points earned by that horse to be considered valid. WCHR considers the owner of record to be the owner(s) of record with USEF.

- L. A WCHR Program participant may change his declared region one (1) time during the WCHR enrollment year. **No region change will be made after July 1.** Participants may only change their region if they have not competed in a WCHR Event in the region which they originally declared.
 - 1. WCHR points will not be retroactive for the participant's new region. Participants must send a request for a change of WCHR region to USHJA in writing. It is recommended that a method of delivery which provides delivery confirmation be used. USHJA is not responsible for requests not received.

III. Judging System

- A. Judges will give open numerical scores for every over fences round in each division during the WCHR Event.
- B. No entry may receive the same score as another entry in the class.

IV. Points

- A. Active WCHR enrolled participants will receive points based on their placing in the category they have registered for when completing their enrollment.
- B. All points earned in the specific section registered will count towards National points.
- C. Only points earned in the specific section at the recognized regional events in the region declared by the rider will count towards Regional Standings.
- D. Enrolled participants that declare Central Mountain Region have the option to the pair with either the Southwest, or South Central Region in order to accumulate regional points.
- E. A horse must be ridden by the same rider in all classes throughout its respective section at each WCHR Event (Exception: Under Saddle classes) in order for the points to count. Riders competing on more than one horse will only accrue points earned by their highest placing horse overall in their respective WCHR category at each WCHR Event. Model Classes and Hunter Classics do not count.
- F. A Professional and/or Developing Professional rider's standing will be determined by the total points earned by their highest placing horse overall in one eligible hunter section in which that horse/rider combination competes. In the event that a Developing Professional's highest placing horse overall at a competition comes from one of the 3'0" or 3'3" WCHR hunter sections, the points earned on that horse count only toward their Developing Professional Rider standings. **At the same competition, a Developing Professional's highest placing horse in a 3'6" or higher WCHR section will earn points toward their Professional Rider standings.** *This may result in a rider's Developing Professional standings differing from their Professional standings.*
- G. Points from a rider's top four (4) WCHR Events will be used to determine the National and Regional standings.
- H. In all hunter sections, the tier from the increment chart (J.1) utilized to calculate points is based on the number of entries in the first over fences class. (Exception: High Performance Hunter and Performance Hunter 3'6" and 3'3")
- I. Points can be earned (based on eligibility under current USEF rules) in the following increments:

1. ***Champion will be awarded 2.0 times the total 1st place point value of the first class in that section and Reserve Champion will be awarded 1.2 times the total 1st place point value of the first class in that section.***
2. If a WCHR Hunter section only offers three to four classes total versus the traditional five classes, over fences will be pointed with a multiplier so all WCHR Hunter sections earn points as if it was a five-class section.
 - a. When a WCHR section is offered with two over fences and one under saddle class, points earned in each over fences class will be multiplied by two.
 - b. When a WCHR section is offered with three over fences classes and one under saddle class, points earned in each over fences class will be multiplied by 1.33.
