**\*\*\*Classes for age groups may be combined and run as one class when there are less than 4 in a given age category. When classes are combined, each age category must jump the height specified for that age category. Course guidelines, class specifications, and scoring must conform to those specified for the youngest age jumping in the combined class.\*\*\***

**\*\*\*If classes restricted to age of horse are combined with an open jumper class held at the same height, courses must conform to the requirements of the youngest age category jumping in the combined class.\*\*\***
